

2019 MSA SEMINAR SERIES

The Missouri Society of Accountants (MSA) Seminars Series is designed to improve professional skills, furnish valuable information and inform you of important changes in the field of accounting and taxation. The series offers seminars in a wide range of CPE Topics.

1040 In Depth – Bob Jennings Tax Seminar – Review of all the regulatory and judicial changes for the Federal taxation have occurred during the last year, including all new law changes up to the week before the seminar. Expand on problem areas with multiple examples and point out the traps involved in the changes. Provide planning ideas revolving around the changes for current and future tax years, as well as for practice management concerns. Review major 1040 tax return compliance preparation issues on a form-by-form basis.
